Plati 130 Smartfill only

Smartfill only

Collection: Elevate

Back-to-wall freestanding bath – 2 sizes with Smartfill bath filler + overflow

IMPORTANT

Please refer to the **Planning Guide for baths installed with Smartfill**, for essential information about Smartfill planning and pre-lay requirements.

Features

Get the look of a freestanding bath with the practicality of a built-in bath. Sleek and practical, this minimalist design combines the beauty of a freestanding bath with the practicality of a bath that sits flush against the wall. Perfect for compact bathrooms.

- Sits flush against the wall
- Seamless design
- White sanitary grade acrylic, high gloss finish
- Excellent heat retention properties
- Adjustable support feet

Available in 2 sizes

- 1500 mm long
- 1700 mm long

Installation

Refer to installation instructions.

The bath is supplied with four adjustable support feet on the base frame of the bath. Position the bath and use the adjustable feet to level the bath. Leave a 3mm void between the base of the bath and the floor. Use silicone around the base to seal the bath to the floor. Allow a 20mm gap in the silicone seal as a weephole (gap is designed to reveal any plumbing leakage).

Use acetic cured silicone sealant. Do not use epoxy type adhesives.
