All measurements are in 'mm' and are approximate and to be used as a guide only. Installation preparations are not recommended without product onsite.

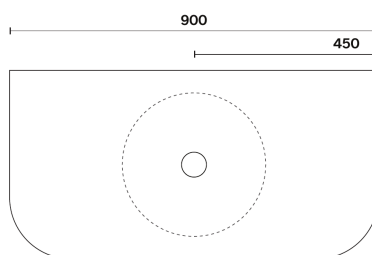

Reef 2 Wallmount 900mm centre basin

Reef 2 Legs 900mm centre basin

Plan

● Plumbing allowance

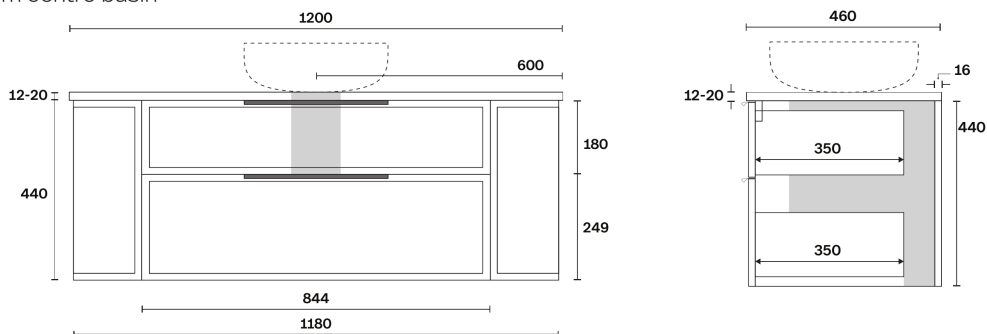

Top thicknesses: Symphony: 20mm / Caesarstone: 20mm / Vasari: 12mm / Dekton: 12mm.

Note: Stone waste centre: 450mm std (may vary depending on basin)

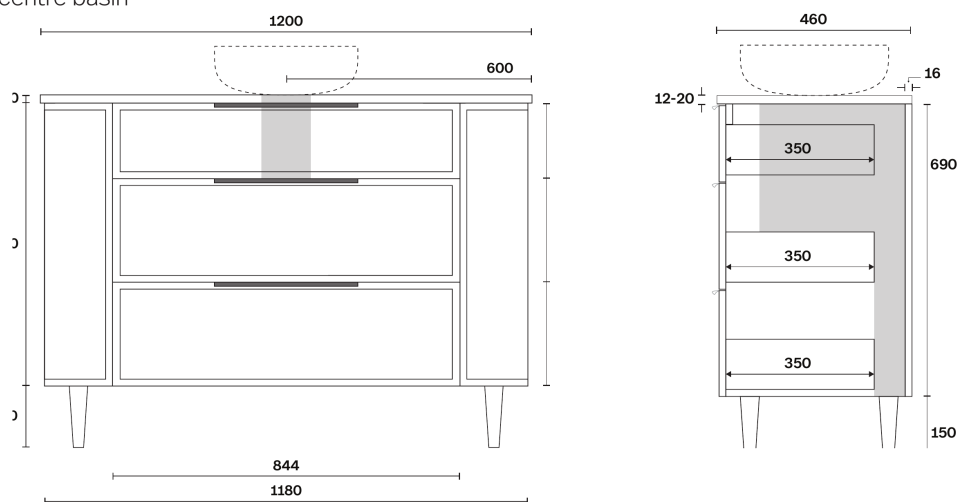

Version: Reef_Spec_2025-09-17

All measurements are in 'mm' and are approximate and to be used as a guide only. Installation preparations are not recommended without product onsite.

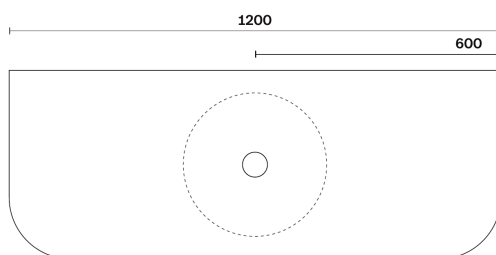

Reef 3 Wallmount 1200mm centre basin

Reef 3 Legs 1200mm centre basin

Plan

● Plumbing allowance

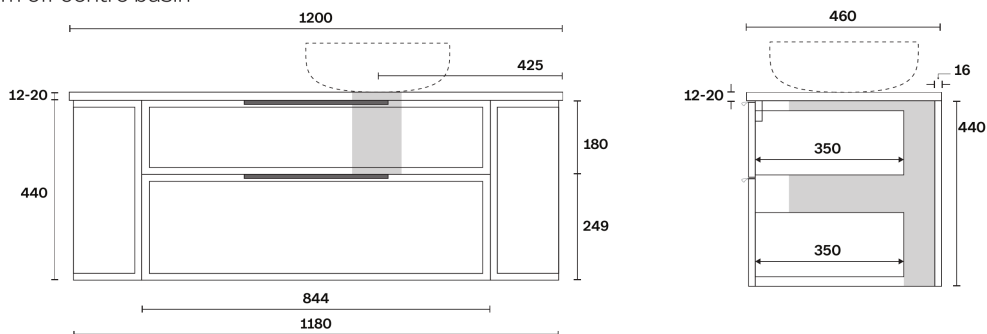

Top thicknesses: Symphony: 20mm / Caesarstone: 20mm / Vasari: 12mm / Dekton: 12mm.

Note: Stone waste centre: 450mm std (may vary depending on basin)

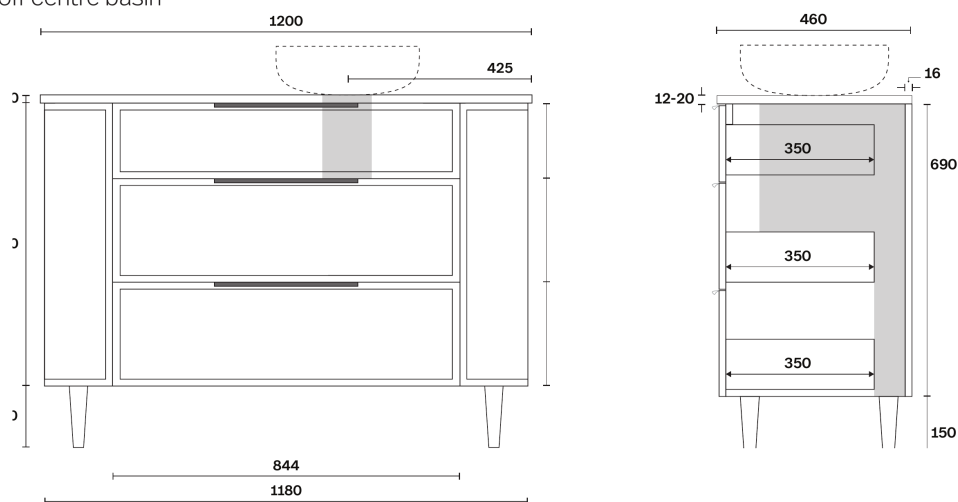

Version: Reef_Spec_2025-09-17

All measurements are in 'mm' and are approximate and to be used as a guide only. Installation preparations are not recommended without product onsite.

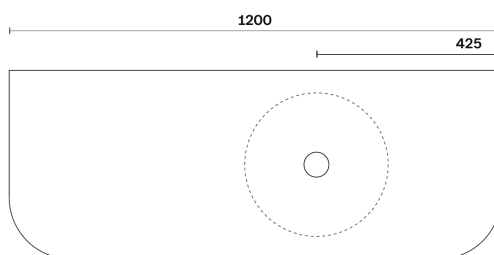

Reef 4 Wallmount 1200mm off centre basin

Reef 4 Legs 1200mm off centre basin

Plan

● Plumbing allowance

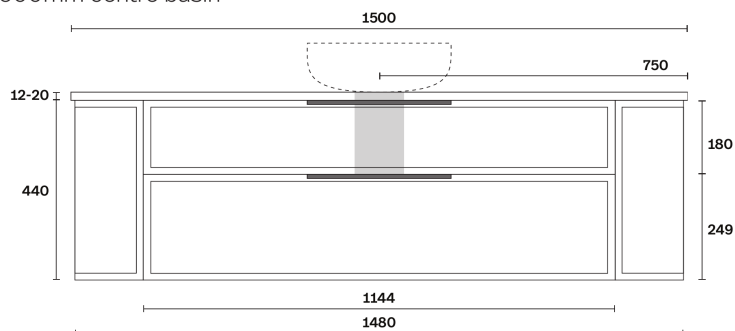

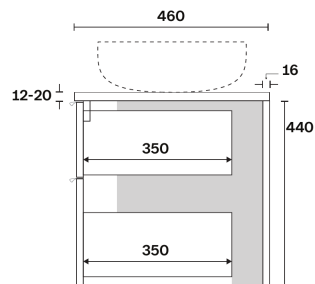

Top thicknesses: Symphony: 20mm / Caesarstone: 20mm / Vasari: 12mm / Dekton: 12mm.

Note: Stone waste centre: 450mm std (may vary depending on basin)

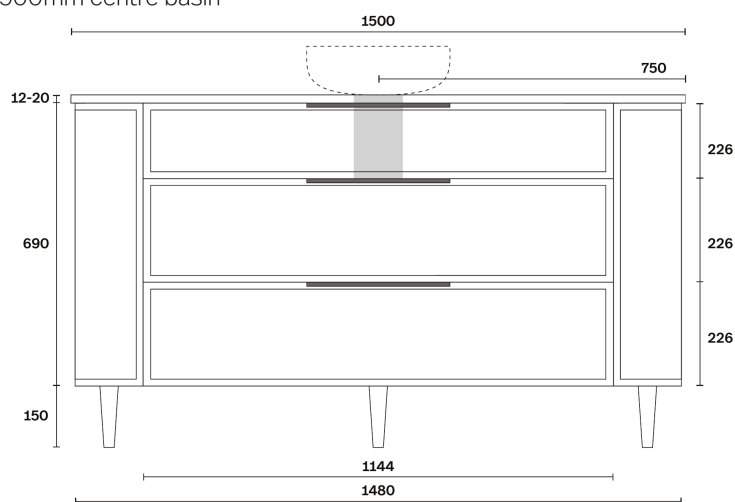

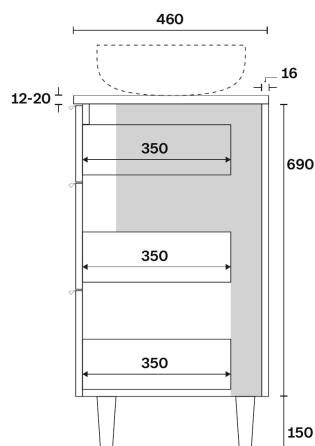

Version: Reef_Spec_2025-09-17

All measurements are in 'mm' and are approximate and to be used as a guide only. Installation preparations are not recommended without product onsite.

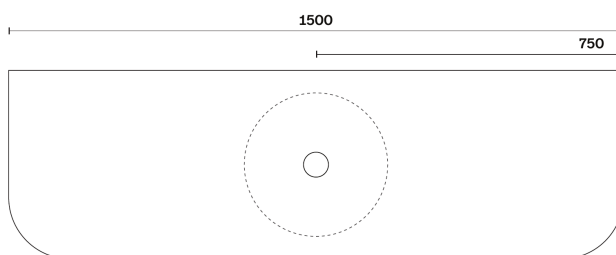

Reef 5 Wallmount 1500mm centre basin

Reef 5 Legs 1500mm centre basin

Plan

● Plumbing allowance

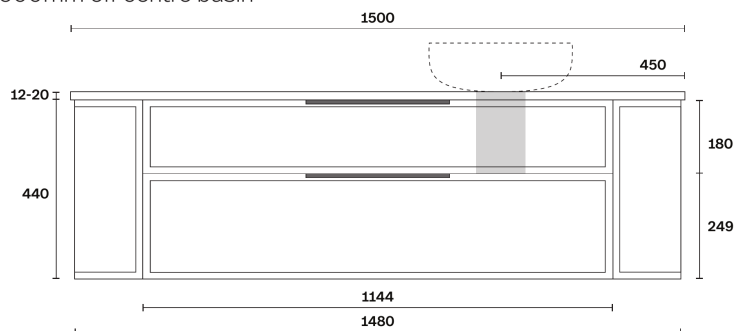

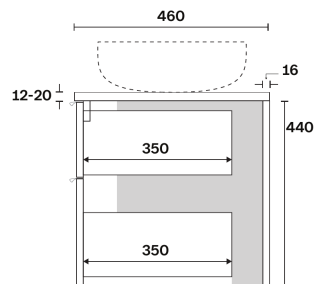

Top thicknesses: Symphony: 20mm / Caesarstone: 20mm / Vasari: 12mm / Dekton: 12mm.

Note: Stone waste centre: 450mm std (may vary depending on basin)

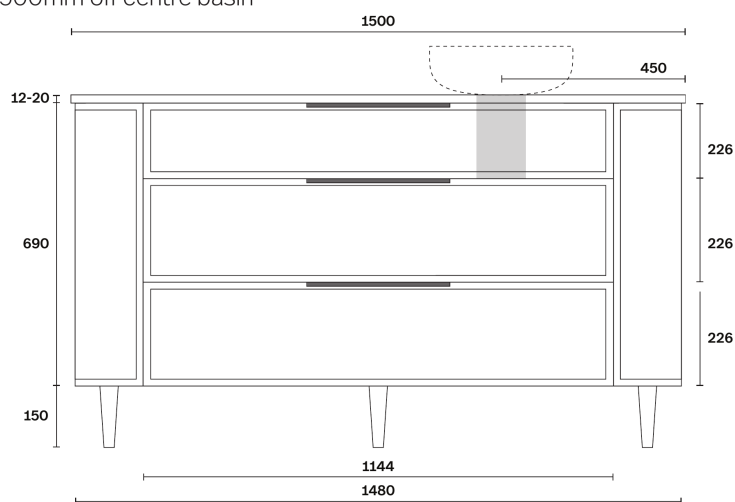

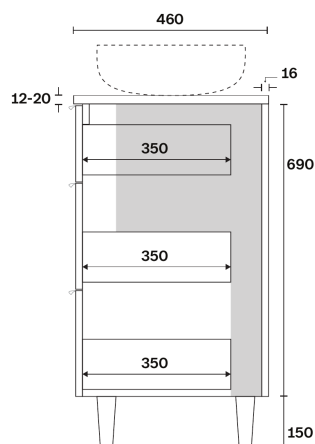

Version: Reef_Spec_2025-09-17

All measurements are in 'mm' and are approximate and to be used as a guide only. Installation preparations are not recommended without product onsite.

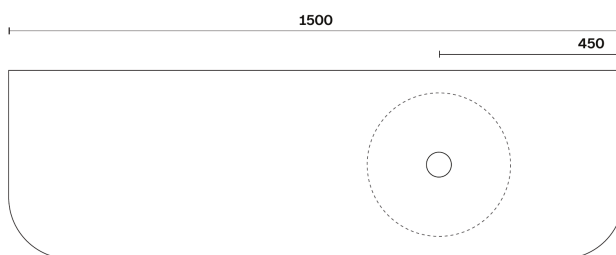

Reef 6 Wallmount 1500mm off centre basin

Reef 6 Legs 1500mm off centre basin

Plan

● Plumbing allowance

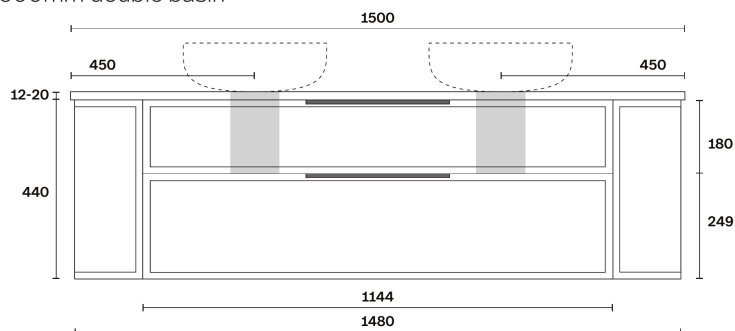

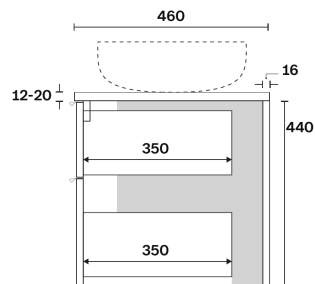

Top thicknesses: Symphony: 20mm / Caesarstone: 20mm / Vasari: 12mm / Dekton: 12mm.

Note: Stone waste centre: 450mm std (may vary depending on basin)

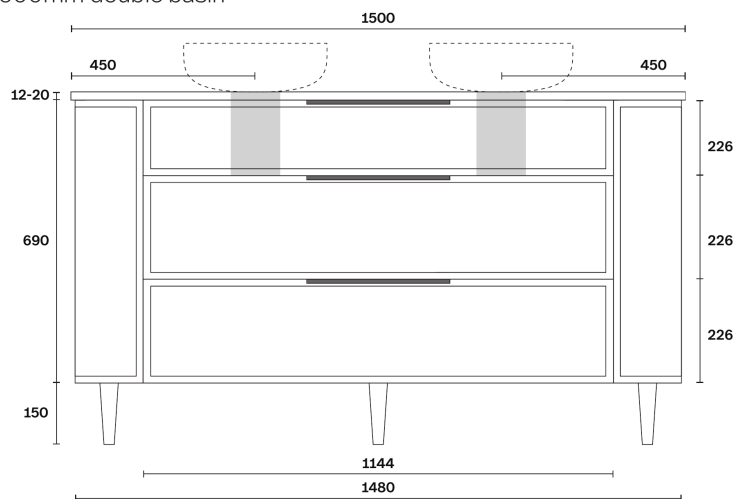

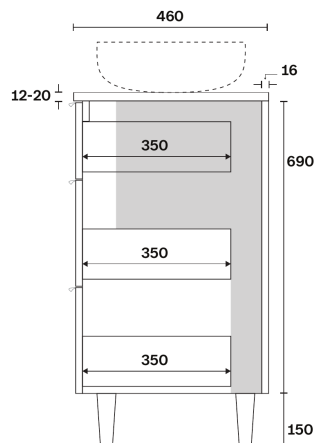

Version: Reef_Spec_2025-09-17

All measurements are in 'mm' and are approximate and to be used as a guide only. Installation preparations are not recommended without product onsite.

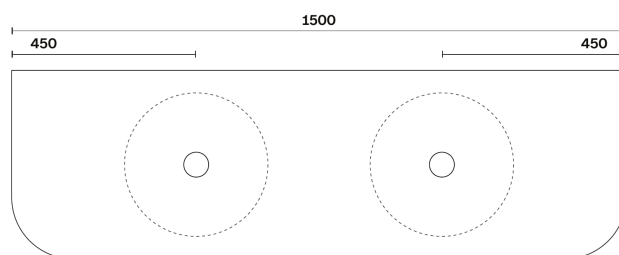

Reef 7 Wallmount 1500mm double basin

Reef 7 Legs 1500mm double basin

Plan

● Plumbing allowance

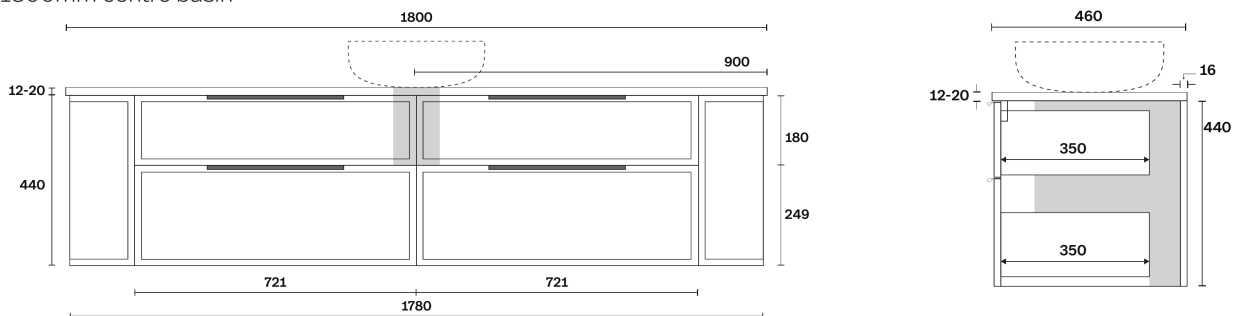

Top thicknesses: Symphony: 20mm / Caesarstone: 20mm / Vasari: 12mm / Dekton: 12mm.

Note: Stone waste centre: 450mm std (may vary depending on basin)

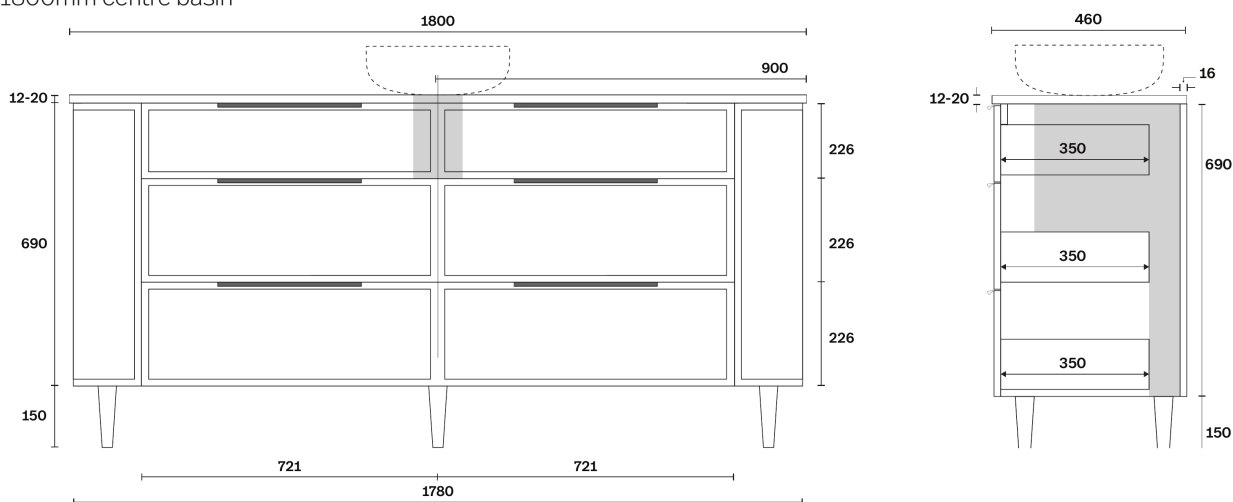

Version: Reef_Spec_2025-09-17

All measurements are in 'mm' and are approximate and to be used as a guide only. Installation preparations are not recommended without product onsite.

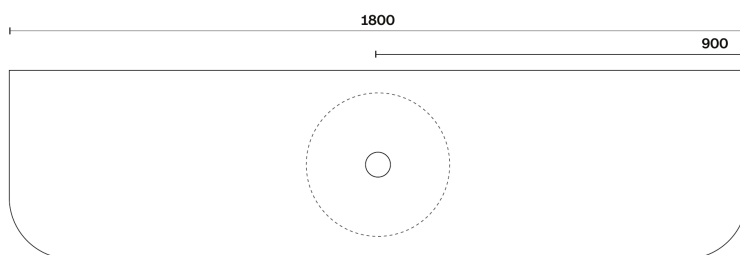

Reef 8 Wallmount 1800mm centre basin

Reef 8 Legs 1800mm centre basin

Plan

● Plumbing allowance

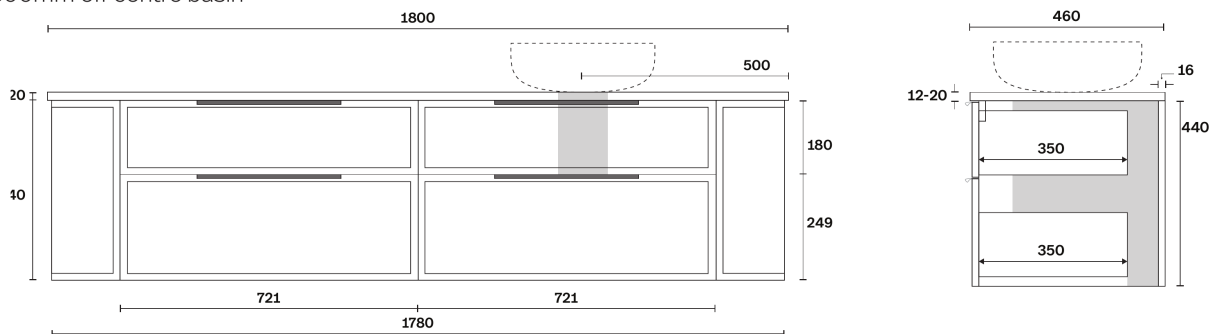

Top thicknesses: Symphony: 20mm / Caesarstone: 20mm / Vasari: 12mm / Dekton: 12mm.

Note: Stone waste centre: 450mm std (may vary depending on basin)

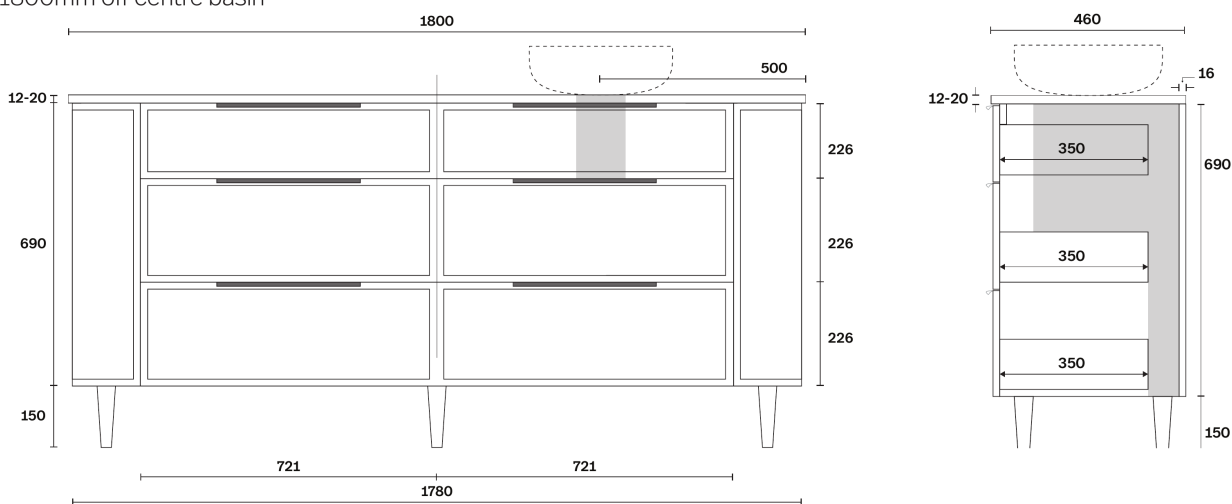

Version: Reef_Spec_2025-09-17

All measurements are in 'mm' and are approximate and to be used as a guide only. Installation preparations are not recommended without product onsite.

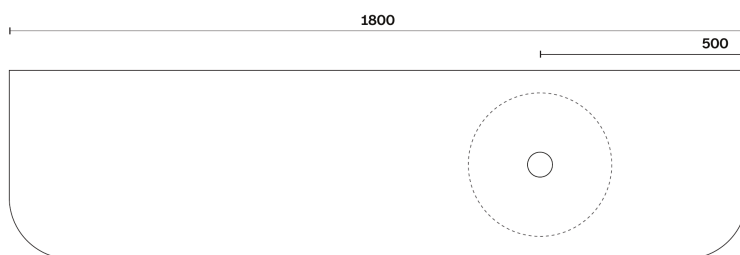

Reef 9 Wallmount 1800mm off centre basin

Reef 9 Legs 1800mm off centre basin

Plan

● Plumbing allowance

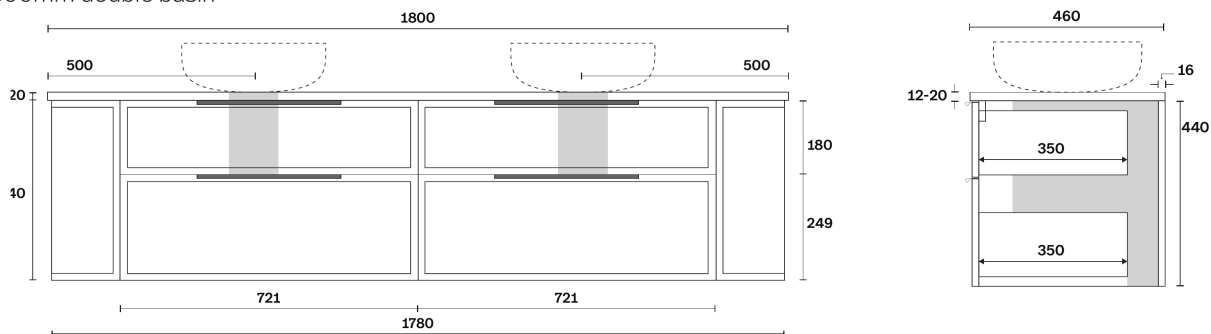

Top thicknesses: Symphony: 20mm / Caesarstone: 20mm / Vasari: 12mm / Dekton: 12mm.

Note: Stone waste centre: 450mm std (may vary depending on basin)

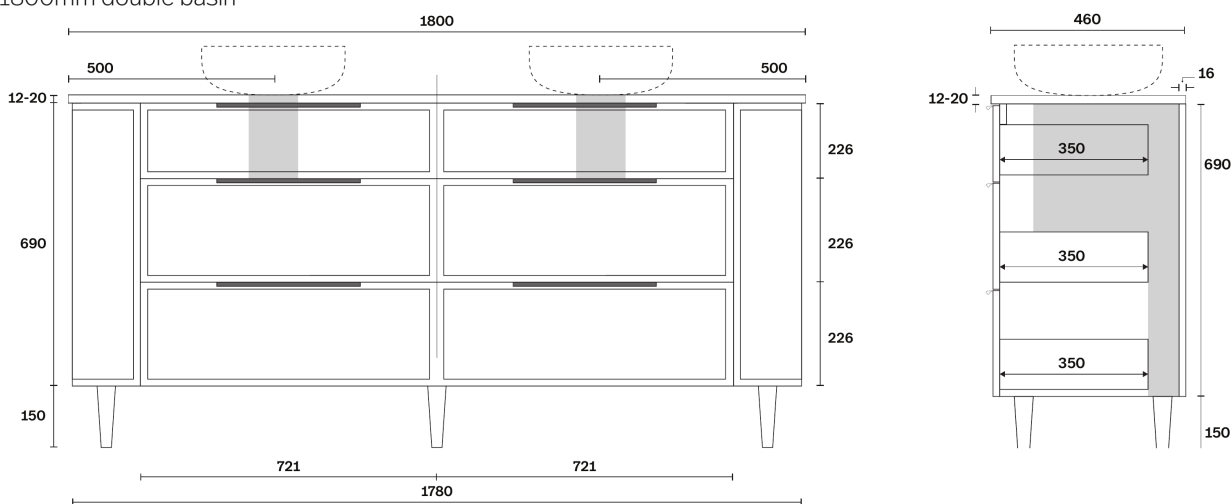

Version: Reef_Spec_2025-09-17

All measurements are in 'mm' and are approximate and to be used as a guide only. Installation preparations are not recommended without product onsite.

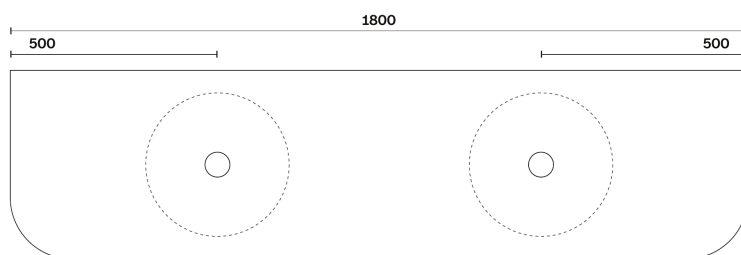

Reef 10 Wallmount 1800mm double basin

Reef 10 Legs 1800mm double basin

Plan

● Plumbing allowance

Top thicknesses: Symphony: 20mm / Caesarstone: 20mm / Vasari: 12mm / Dekton: 12mm.

Note: Stone waste centre: 450mm std (may vary depending on basin)
