

lavello
by meir.

- Refer to the Meir website for warranty terms & conditions.
- Sink water capacity 27 L
- Stainless steel material.
- Nano coated finish.
- Strainer set is included.
- Includes the surface cut-out template.
- Suitable for thick surface top material. Top-mount or under-mount.
- See website for the Meir colour options.

- Do not install **sinks** using any form of acetone silicones.
- Do not apply physical items (such as tools) directly to the product.
- Never use house-hold abrasive cleaners.
- Clean using a mild washing soap solution.
- Check for any product defects before installation.
- Refer to the Installation Manual for correct installation.

Technical drawing of the 100mm Ø sink drain assembly, showing three views with dimensions:

- Top View:** A circular flange with a diameter of 84 mm. The total height from the flange to the bottom of the drain is 48 mm. The central drain pipe has a diameter of $\varnothing 8$ mm and a height of 21 mm.
- Side View:** The central drain pipe has a diameter of $\varnothing 15$ mm. The threaded section has a length of 110 mm. The bottom flange has a diameter of $\varnothing 12$ mm.
- Bottom View:** The bottom flange has a diameter of $\varnothing 114$ mm. The total height from the bottom flange to the top of the central pipe is 42 mm.
- Front View:** The front view shows the threaded section with a diameter of $\varnothing 58$ mm. The total height from the bottom of the threads to the top of the flange is 58 mm. The flange has a diameter of $\varnothing 119$ mm. The threads have a pitch of 1.5 mm and a depth of 2.5 mm.

Technical drawings of a rectangular plate. The left drawing shows a top view with dimensions 450 (width) and 200 (height). It features rounded corners with a radius of R10 and a central circular hole labeled 'C'. The right drawing shows a side view of the same plate, with the same dimensions and R10 fillets, but without the central hole.
